DEEP IN THE HEART

Deep in the Heart is an original musical production written by a group in Fort Worth, this musical celebrates Texas, its multicultural history, and its heroes, bringing legend, fact and tall tale to the stage in a celebration of strong men and women who have impacted the world.

Deep in the Heart captures the true spirit of Texas – a spirit that inspires people to do more than they thought possible. The uniqueness about this musical is that Angela Hill, SABA Founding Director, was able to write pieces of San Angelo's rich history into the musical with amazing stories such as Fort Concho, the Lady in Blue, Santa Angela, and much more.

Deep in the Heart is filled with beautiful songs, hilarious and heartwarming stories, and outrageous dancing that will leave audiences walking away encouraged, empowered, and feeling like a Texan.

Deep in the Heart meets TEKS for 4th and 7th grade Texas History! SABA Resident Company will come out to schools in San Angelo and any surrounding areas and perform for students, and then SABA will provide teachers with a supplemental packet for their classes. It's a great way for students to see an amazing production and learn about Texas History at the same
